Windows® 7 Support for Fujitsu Technology Solutions Notebooks and Desktop PCs

Release 2.00
Date October 29th 2009

Find out if your PC can run Windows®7
To find out if your PC is ready for Windows® 7, please download the Windows® 7 Upgrade Advisor. With this tool you can scan your notebook or desktop PC for potential issues with your hardware, devices, and installed programs. It recommends what you have to do before you upgrade your device to Windows® 7.
